

## HOW TO GET INVOLVED:

The Support Unit plays a crucial role in Palestine Action's campaign against British complicity in genocide, apartheid, and occupation. Hundreds of people give their time and efforts to offer support to the actionists resisting Israel's arms trade. When we hear that they are taking place, we mobilise.

**ARE CURRENTLY JAILED FOR RESISTING  
COMPLICITY IN GENOCIDE.**

In the face of the genocide being committed by Israel, aided and abetted by the British state, **16 people are imprisoned for taking direct action to stop the murder and destruction.**

They include the **Thales 5**, sentenced to between 12 and 14 months for occupying the Thales weapons factory in Glasgow; The **Filton 10**, remanded in custody for dismantling Israeli weapons at an Elbit site in Bristol; and Francesca Nadin of the **Teledyne 4** and **Barclays 7**, who is also remanded in custody, accused of occupying, and dismantling, the roof of Teledyne weapons factory, at Shipley, West Yorkshire, and a paint attack on Barclay's and JP Morgan banks, in Leeds. There are many more activists due to face trial on similar charges.

The prisoners are our comrades, part of a movement determined to intervene in British complicity in Genocide, and shut the Israeli weapons factories down. **They deserve our fullest possible support.**
